**Richard Heinberg : Celebrate the Solstice: Honoring the Earth's Seasonal Rhythms through Festival and Ceremony** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Celebrate the Solstice: Honoring the Earth's Seasonal Rhythms through Festival and Ceremony:

0 of 0 people found the following review helpful. Celebrate Solstice...By SunnyN199Given as gift! Great reading..3 of 3 people found the following review helpful. New BeginningsBy Meryl HyderallyMy children and I created a meaningful celebration to honor the Winter Solstice. We went on a energy fast as suggested in the book and it was amazing. A great book with wonderful pieces of information.2 of 4 people found the following review helpful. BiasedBy MuseI found this book biased, superficial and annoying. The book glibly attributes most European pre-Christian pagan practices to Germans. That's just silly.

This book is an accessible, engaging tool to help people enrich their lives through the observance of ancient, astronomically determined Earth festivals. It assists us to recover an experience that had deep meaning for the ancients and that is now increasingly relevant to a world facing environmental challenges. Seasonal festivals are not meant to be cultural relics. They are joyous, fun, mischievous, profound, life-affirming events that connect us deeply with the Earth, the heavens, and the wellspring of being within us. This book encourages us to undertake full-bodied, ecstatic seasonal renewal by providing information on the history and meaning of the solstices with practical suggestions on how to celebrate them now.
