Virgil Elizondo : Charity (Catholic Spirituality for Adults) before purchasing it in order to gage whether or not it would be worth my time, and all praised Charity (Catholic Spirituality for Adults):

I've purchased several books from this series and they're all terrific except this one. Perhaps it is because I'm not the author's intended audience. The author comes off to me as bragging about his difficult latino life but rising to the top as a CEO of a large organization and then he admires other

great CEOs that share their wealth charitably. The book seems to be directed to wealthy CEOs who want to share their wealth to feel good about sharing their wealth. There is a spirit of pride in the book that is counter intuitive to the Catholic faith. This is a book for the rich guy in your parish who wants his name on a donation plaque for all to see. The book lacks the theological depth that other books have in this series or the seasoned pastoral language that comes from authors like Bishop Barron or Fr. O'Malley. 0 of 0 people found the following review helpful. Five StarsBy EDWARD J MCDEVITTNice book

Charity, writes Fr. Elizondo, is "love in action. Love is recognizing that we are all images and likenesses of God, and what we do unto each other we truly do unto ourselves. Charity is allowing the life of God to work through our ordinary, and sometimes extraordinary, deeds and words of daily life because God is love! (1 John 4: 17). Charity is each of us, all of us, manifesting God in the world. What could be more beautiful than that!"
