**Jack Canfield : Chicken Soup for the Horse Lover's Soul** before purchasing it in order to gage whether or not it would be worth my time, and all praised Chicken Soup for the Horse Lover's Soul:

2 of 2 people found the following review helpful. Well not what I ExpectedBy Nancy Segovia - New York Times best-selling authorAfter reading "Chicken soup for the Dog Lovers Soul" I eagerly started this book expecting more uplifting stories but this time involving horses. I was unpleasantly surprised to find the first third of the book (a rough approximation) to be stories about people whose horses had passed on. As the owner of a horse who died of colic on a snowy Thanksgiving day, these stories were very painful and not at all uplifting. Then the theme changed and the stories became more enjoyable. However, there was another section about horse racing that was, for me, boring. The most enjoyable section was the last section involving horses and the parents of horse crazy kids. Overall, just not what I expected from a "Chicken Soup" book.0 of 0 people found the following review helpful. Not Only for The Horse Lover's SoulBy KinpurThe title says that it's a book for the "horse lover's soul". I am a horse lover, although not a rider because of some circumstances, but I can recommend the book to everybody. Nice stories about people and horses, some very touching. I liked the book. Only the biginning was a bit difficult because of some sad stories, but that's how life sometimes is.1 of 1 people found the following review helpful. Not just any animal can inspire as well as a horse.By MarilynOnly lover's of horses can know how they can inspire you to go beyond what you think you can do. They teach you love and devotion, determination and steadfastness. They teach you how to communicate without saying a word and keep a promise with just a touch. Some of these stories will amaze you and leave you wanting more.
