2 of 2 people found the following review helpful. Not ALL stories were as FUN as described.By lohmalindaDoesn't everyone believe they came from a weird,crazy, or funny family? Aren't they all dysFUNctional in some weird way? Well, some of these stories were not all that crazy. I was looking for hilarious (kind of like my own) due to the publicity on this particular book. And a few stories met those standards. But not enough crazy stories to merit being in this particular Chicken Soup book. Maybe a different one, but not quite measuring up to the hype of this one. I think sometimes the regular contributors of stories are lacking the spark they need. Maybe need some new authors.0 of 0 people found the following review helpful. Great storiesBy C. BizonBeautifully written with so many great stories. You can skip around in the book and read different stories if you want. If you read them over, it's okay too since they

all have great meaning to them. It's nice to relate to some of the stories. 1 of 1 people found the following review helpful. Some good stories, others not so interesting
By Steve Lowman
Some good stories, others not so interesting.
Used for reading to seniors. Some stories aren't relevant to this group.
As always, fast shipping.

With stories about wacky-yet-lovable relatives, holiday meltdowns, and funny foibles, along with more serious stories about abuse, controlling family members, and flare-ups, "Chicken Soup for the Soul: All in the Family" shows readers that they aren't alone.
