I've never had a journal like this before! It really helps you get through your teenage years. I know I'm not a teenager anymore but I still read Chicken Soup for the Teenage Soul books. They just inspire me so much. I go through this journal everyday and I'm learning a lot about myself. I just wish I would have gotten this journal when I was twelve. I have a nephew who"s twelve and almost in seventh grade. I'm buying this journal for him and I hope he works on it like I have. Thank God for Chicken Soup for the Teenage Soul!!!!0 of 0 people found the following review helpful.
