Cicero : Cicero: Pro Murena (Latin Texts) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cicero: Pro Murena (Latin Texts):

The Roman statesman Lucius Licinius Murena led legions in the Mithridatic Wars and subsequently became administrator of Transalpine Gaul. On his election as consul in 62 BC he was accused of bribery and defended by (among others) Cicero, in this famous speech. Murena was acquitted, though the balance of opinion is that he was probably guilty. This school edition includes introduction, the Latin text, notes and vocabulary.

..."the book is well indexed and organized; its introduction is for all readers, and the volume is well worth acquiring by any College library." Elaine Fantham, *Classical World*
