Circle Time BookBy Janie CantwellA GREAT BOOK for a first time teacher! This thematic book has a wealth of information, arranged by significant school events and holidays, based on parts of a well developed school day. A good reminder what to include and what not to forget in developing and implementing a preschooler's day. And the little tips and time fillers are great for establishing and maintaining a

personal catalogue "on the go", just like the preschoolers we serve. A must for your library.
