given on each one. The very brief tasting notes reflect only the "house style" rather than individual bottlings. Perhaps useful as a high-level survey of the differences between well-known malts. 0 of 0 people found the following review helpful. Great gift for husbands! By Kate My husband LOVES whiskey, and we've been to Scotland, so I got him this book for Father's Day. It was a hit. Fun to read and great pictures.

This guide contains the tasting notes to over 85 of the most popular Scotch and Irish malt whiskies and the histories of the distilleries that produce them. It includes colour illustrations of each whisky label.
