CLEP : CLEP Social Sciences and History w/CD (CLEP Test Preparation) before purchasing it in order to gauge whether or not it would be worth my time, and all praised CLEP Social Sciences and History w/CD (CLEP Test Preparation):

Okay Study Source For the CLEP By pc1806 This book is okay, but is NOT very in depth in terms of covering all of the content in detail covered on the CLEP. The practice exam questions on the CD had a mixture of questions similar to those that appear on the actual exam, and those that are somewhat bizarre and not completely representative of actual question types on the real exam. However, it is a decent

book as a study aid. In addition to this book, I used the REA CLEP book and completed the online College Board CLEP sample questions, studying for about two weeks, and received a 54 on the CLEP. I am also not the best when it comes to history and studied very diligently for this exam. This exam is fairly difficult due to the amount of information covered, and another study source is required in addition to this book to attain a good score on the exam. As always use other material. By Dwight This book is GREAT for a reference but always double check other factors. For an example, Anthropology. This subject was not covered in depth but that is okay. This course is a mile long and inch deep (which for some can be a pain the rear.) However, I would not just get the book for its core content but also for the testing software. This helps a lot and I found it to be pretty close to the test. 1 of 1 people found the following review helpful. this book definitely covers everything on the test. It's ... By David L. this book definitely covers everything on the test. It's way overkill, but if you somehow memorized all this, you would have no problems. Check out a CLEP community beforehand.

Earn College Credit with REA's Test Prep for CLEP Social Sciences and History Everything you need to pass the exam and get the college credit you deserve. CLEP is the most popular credit-by-examination program in the country, accepted by more than 2,900 colleges and universities. For over 15 years, REA has helped students pass CLEP exams and earn college credit while reducing their tuition costs. Our CLEP test preps are perfect for adults returning to college (or attending for the first time), military service members, high-school graduates looking to earn college credit, or home-schooled students with knowledge that can translate into college credit. The CLEP Social Sciences and History test prep assesses the skills tested on the official CLEP exam. Our comprehensive review chapters cover: political science, sociology, economics, psychology, geography, anthropology, western civilization, world history, and U.S. history. The book includes 3 full-length practice tests. Each exam comes with detailed feedback on every question. We don't just say which answers are right, we explain why the other answer choices are wrong, so you can identify your strengths and weaknesses while building your skills. Two of the book's practice tests are also offered on our interactive TestWare CD and give you the added benefits of timed testing, automatic scoring, and diagnostic feedback. We help you zero in on the topics and types of questions that give you trouble now, so you'll succeed when it counts. REA is the acknowledged leader in CLEP preparation, with the most extensive library of CLEP titles available. Our test preps for CLEP exams help you earn college credit, save on tuition, and get a college degree.
