**George D Zgourides : CliffsQuickReview Sociology (Cliffs Quick Review (Paperback))** before purchasing it in order to gage whether or not it would be worth my time, and all praised CliffsQuickReview Sociology (Cliffs Quick Review (Paperback)):

0 of 0 people found the following review helpful. Great itemBy Dr. WesolowskiOutstanding reference tool1 of 1

people found the following review helpful. I also like Sociology for Dummies By Anne of Hills Druid I had remembered this book as being more up to date. It does have the basics and they are presented in a concise way. I also like Sociology for Dummies, maybe a little better. My evaluation of the book is as a review for my students who have taken a previous introduction to sociology course. 4 of 4 people found the following review helpful. Passed the CLEP! By Customer Short and sweet is the best way to describe this. I read through it once (rather skimmed) while highlighting things I knew would be difficult for me to retain. Then I went through my highlighted text prior to taking the clep exam. I passed.

CliffsQuickReview course guides cover the essentials of your toughest classes. Get a firm grip on core concepts and key material, and test your newfound knowledge with review questions. CliffsQuickReview Sociology provides you with an in-depth review of the principles of sociology the scientific study of human groups and social behavior. Because sociology examines how social relationships influence people's attitudes and how societies form and change, sociology has an incredibly broad scope. This guide boils sociology down to easy-to-understand terms and concepts, and as you work your way through this reference, you'll be ready to tackle such concepts as The sociological perspective and research methods Cultures and societies, and socialization Social groups and organizations Deviance, crime, and social control Social and global stratification Race and ethnicity, and sex and gender Economics, politics, education, marriage, family, and alternative lifestyles Religion, health, medicine Social change and movements CliffsQuickReview Sociology acts as a supplement to your textbook and to classroom lectures. Use this reference in any way that fits your personal style for study and review you decide what works best with your needs. You can read it from cover to cover, or just use it when you need important information and put it back on the shelf for later.
