**G. Edward Evans, Margaret Zarnosky Saponaro : Collection Management Basics, 6th Edition (Library and Information Science Text)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Collection Management Basics, 6th Edition (Library and Information Science Text):

0 of 0 people found the following review helpful. Ebook is HORRIBLEBy JennyThe content is good, but the ebook is a mess. I should have read the reviews first because the formatting for the ebook is all off. Anytime there is a section

that would be perhaps on a side column or a box it is thrown into the middle of the text. You'll be reading and all of a sudden in a middle of a sentence it will say "Author's view" and it can go on for a few pages, but they time you get to the end of it you've forgotten what you were reading before and have to back track.0 of 0 people found the following review helpful. Purchased for a courseBy epReads nicely0 of 0 people found the following review helpful. Four StarsBy CustomerMatched description.

Now thoroughly revised for today's 21st-century library environment, this title provides a complete update of the classic *Developing Library and Information Center Collections*the standard text and authority on collection development for all types of libraries and library school students since 1979.
