Michl C. Rogers, Clare You, Kyungnyun K. Richards : College Korean before purchasing it in order to gage whether or not it would be worth my time, and all praised College Korean:

0 of 0 people found the following review helpful. Dull dialogsBy Lawrence HirshCovers the ground, but the texts are really dull, with no life in the dialogs or imagination in the situations. A slog to work through.0 of 0 people found the following review helpful. quick shipping great bookBy Customerit's perfect thank you0 of 1 people found the following review helpful. Easy to use textbookBy parkymI study from this book every chance I get while at home, in

the library, or at the coffee shop. It is definitely well laid out and planned to give a gradual and thorough grasp of the Korean language. Considering the authors are professors from Cal, it shouldn't be surprising to find this a solid well written book. I honestly think the Korean language program at UCLA is better, but I don't see any textbooks on from there. Anyway, if you are already familiar with the Korean alphabet, this book is a guide you can learn all on your own. Although it would be handy to have a Korean friend to help out with some vocabulary that might not be included in this volume. Otherwise, a single good Korean-English dictionary and this textbook is enough to get by, until you want to start tackling novels, newspapers, or magazines written in Hangeul. Thanks.

College Korean offers a comprehensive introduction to the Korean language designed for American students. Rogers, You, and Richards have used their many years of teaching to devise and test an approach that balances reading and writing with the spoken language. The result is a well-rounded textbook suited to a yearlong course in which students learn to conduct conversations about their own lives and interests, read texts written in hangul, and write simple compositions. The book systematically introduces basic Korean grammar, a contextualized vocabulary, and styles of speech that are sociolinguistically appropriate for college students. Each of its 26 lessons contains a dialogue or a reading, practice patterns, relevant grammar notes, and exercises. Approximately 150 Sino-Korean characters are also introduced, and complete glossaries and grammar indexes are provided.

Language Notes
Text: English, Korean
About the Author
Michael C. Rogers is Professor Emeritus, and Clare You and Kyungnyun K. Richards are Lecturers, in the East Asian Languages department at the University of California, Berkeley. In 2003 Clare You was awarded the Korean National Silver Medal of Culture for her work in the advancement of Korean culture, including language texts and translations.
