Jeff Kass : Columbine: A True Crime Story before purchasing it in order to gage whether or not it would be worth my time, and all praised Columbine: A True Crime Story:

0 of 0 people found the following review helpful. Very through and well-balancedBy AllieAnneRead this with Brooks Brown's book for a well-researched and compassionate understanding of the Columbine tragedy4 of 5 people found the following review helpful. One of the best books written about ColumbineBy CustomerOne of the best books written about Columbine, only one that is better is written better is by Brown. If you want an overview, as well as interesting facts about the case, this book has it all!7 of 9 people found the following review helpful. Worth the readBy

Brenda I've been an avid reader of the Columbine murders and what led to them. *Columbine: A True Crime Story* was an excellent look into not only the tragic day of the attack, but the years leading up to it. I highly recommend this book to whoever is looking for the truth behind this real life, tragic event.

The result of 15 years of research and exclusive information, this is the first book of investigative journalism to tell the complete story of Littleton, Colorado's 1999 mass shooting, its far-reaching consequences, and common characteristics among public shooters across the country. A classic in the tradition of *In Cold Blood* and *The Executioner's Song*, it comprehensively explores fundamental American themes of violence, racism, parenting, and policing. This updated and revised edition concludes with new material about public shootings since Columbine and how communities can stop such horrific events from happening in the future.
