Ian Dempsey, Karen Nankervis : Community Disability Services: An Evidence-Based Approach to Practice before purchasing it in order to gauge whether or not it would be worth my time, and all praised Community Disability Services: An Evidence-Based Approach to Practice:

This book provides an integration of the principles, policy and practice of disability service provision in the twenty-first century. It demonstrates links between theory and practice, with an emphasis on "evidence-based practice," and is drawn from international research. Ultimately, this book will enhance critical analysis and reflection, enabling students and service providers to better choose between approaches, and implement strategies that best facilitate positive outcomes for people with disabilities. Available in the United States and Canada only.
