Ellen D Taira : Community Programs for the Depressed Elderly: A Rehabilitation Approach (Physical Occupational Therapy in Geriatrics) before purchasing it in order to gage whether or not it would be worth my time, and all praised Community Programs for the Depressed Elderly: A Rehabilitation Approach (Physical Occupational Therapy in Geriatrics):

International experts offer insights into rehabilitative work with the depressed elderly, including examples of successful treatment models, assessment and prevention techniques, as well as other helpful methods of alleviating depression in the institutionalized elderly.
