Contemporary Linguistics provides the most thorough coverage of core concepts of any introductory text - phonology, morphology, syntax and semantics - while exploring cross-curricular issues as diverse as sociolinguistics, sign language, and computational linguistics.A flexible organization to match instructors' teaching needs. The subject of linguistics is treated as a cohesive whole, yet each chapter can also stand alone - a feature that enables instructors to teach the topics in the order they prefer.The knowledge of working experts in the field. Each chapter is written by an expert or a team of experts on a particular topic in linguistics, providing the most current and in-depth information available.Language students can understand. We strive for a direct writing style and modular approach to make complex concepts interesting and accessible to students of all levels.Extensive support for students. To help students master concepts, each chapter begins with bulleted objectives and concludes with a summary, a list of key terms and ideas, recommended readings and questions that test and reinforce material presented in the chapter. Each chapter is broken down into carefully numbered subsections for students' - and instructors' - ease of reference. | File size: 23.Mb

Contemporary Linguistics is one of the most comprehensive introduction to the fundamentals of linguistics, balancing engaging aspects of language study with solid coverage of the basics. Up-to-date scholarship, a direct approach, and a lucid writing style makes it appealing to instructors and beginning students alike and a resource that many students continue to use beyond the classroom.

About the AuthorWILLIAM O'GRADY teaches linguistics at the University of Hawaii at Manoa and is the author of several scholarly books. His research focuses on syntactic theory, language acquisition, and Korean. JOHN ARCHIBALD in addition to teaching linguistics at the University of Calgary, studies the acquisition of phonology and has written several books on the subject. MARK ARONOFF is professor of linguistics at Stony Brook University and was President of the Linguistic Society of America for 2005. He has written numerous articles and several books on aspects of linguistic morphology, as well as on orthography and the teaching of linguistics. JANIE REES-MILLER is director of the English as a Second Language program at Marietta College, Ohio. In research and teaching, she is concerned with the interface between theory and practice and with making linguistics accessible to nonlinguists. She is coeditor with Mark Aronoff of *The Handbook of Linguistics*.
