Continental Shift is not a book about how to immigrate or how to live or work overseas. Rather it is a practical guide

for how to organise a move to the other side of the world, for yourself, your family, and your stuff, no matter where you're going. Whether your move is permanent, for a few years, or for a few months, this book will help you get organised at every stage of the process, from the very first decision to go, to settling in at the other end. Sprinkled with lots of anecdotes and real-world examples, *Continental Shift* is an invaluable resource to get your overseas adventure started.
