Stanley Cohen : Convicting the Innocent: Death Row and America's Broken System of Justice before purchasing it in order to gage whether or not it would be worth my time, and all praised Convicting the Innocent: Death Row and America's Broken System of Justice:

9 of 9 people found the following review helpful. Injustice in U.S. calmly, precisely and clearly documented.By CustomerVery well written and carefully documented story of the absence of true justice in our legal system. Should

be read by all who are interested in reforming the U.S. judicial system. 1 of 1 people found the following review helpful. Convicting the innocent By Sandra L. Foster This book was a good expose of the totally inept judicial system in this country. My husband always said that the USA has the most expensive and least effective justice system in the world and he was so right. 0 of 0 people found the following review helpful. We all Make Mistakes.... Huh? By DaddyDGoes into Individual Cases where those suspected of being guilty we Framed, Investigation dropped the ball, etc. Nonetheless, I don't know why a Polygraph test is used Before or After the Investigations and Convictions... it should be. For an honest opinion and report on topics like these, tune into the Gabor Zolna Report, the Oracle of Truth and my Personal Puzzle Master, will walk you through whats wrong with the Criminal Justice Department and Politics so we don't have to look back on these Cases where the Innocent had their lives terminated or at least Impacted by our system.

A landmark in the fight against the death penalty. Extensively researched and brilliantly written. Martin Garbus, criminal defense attorney Every day, innocent men across America are thrown into prison, betrayed by a faulty justice system, and robbed of their lives either by decades-long sentences or the death penalty itself. Injustice tarnishes our legal process from start to finish. From the racial discrimination and violence used by backwards law enforcement officers, to a prison culture that breeds inmate conflict, there is opportunity for error at every turn. Award-winning journalist Stanley Cohen chronicles over one hundred of these cases, from the 1973 case of the first ever death row exoneree, David Keaton, to multiple cases as of 2015 that resulted from the corrupt practices of NYPD Detective Louis Scarcella (with nearly seventy Brooklyn cases under review for wrongful conviction). In the wake of these unjust convictions, grassroots organizations, families, and pro bono lawyers have battled this rampant wrongdoing. Cohen reveals how eyewitness error, jailhouse snitch testimony, racism, junk science, prosecutorial misconduct, and incompetent counsel have populated Americas prisons with the innocent. Readers embark on journeys with men who were arrested, convicted, sentenced to life in prison or death, dragged through the appeals system, and finally set free based on their actual innocence. Although these stories end with vindication, there are those that have ended with unjustified execution. Convicting the Innocent is sure to fuel controversy over a justice system that has delivered the ultimate punishment nearly one thousand times since 1976, though it cannot guarantee accurate convictions.

"A disturbing compendium of wrongful convictions...[Cohen] brings moral outrage to this complex subject...A valuable accounting of a hidden societal plague." Kirkus "A must for students and workers in the field of criminal justice, and a solid read for anyone interested in true crime literature." Library Journal
