Ronn Elmore : How to Love a Black Man before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Love a Black Man:

4 of 4 people found the following review helpful. Heard it all before...By Kindall DavisNot for almost 30 year olds...I already knew majority of the things in the book. I liked Hill Harper's book The Conversation better actually. This book wasn't bad and it kind of shedded light on several issues and confirmed a lot of things I was already aware of but it's better for younger couples to read.5 of 5 people found the following review helpful. It helps.By MelissaThe bookis

well written. I was able to compare what was written to my boyfriend's ideals. We had many wonderful discussions. Alas, we broke up. The book doesn't describe how to manage a black "man child". Some boys want to stay boys.0 of 0 people found the following review helpful. Wonderful readBy Samantha C.Nice read for Afrikan woman (like myself) and all woman that love and want to support their Afrikan man.I saw a lot of myself and other woman around me in the descriptions and I felt I lightened not attacked by the ideas and corrections to certain behaviors and why that may harm my chances of having a healthy loving relationship.

In this book, relationship expert Dr Elmore sheds light on the hidden emotional psychological recesses of the black man's inner world. In firm and engaging language, he provides advice and real-life anecdotes from his seminars and radio talk shows.
