John Rennie Short : Human Geography: A Short Introduction before purchasing it in order to gage whether or not it would be worth my time, and all praised Human Geography: A Short Introduction:

Human Geography: A Short Introduction communicates the complex human geography of the contemporary world using a concise, focused approach. Written in an engaging style, the text conveys the sense of wonder that drives the best in geography. Human Geography is an ideal choice for professors who prefer the flexibility of a succinct and incisive text without compromising on scholarly excellence. It has been deliberately constructed to provide all the basics students will need while simultaneously empowering professors to customize and augment their courses as they see fit. Features* Detailed and engaging case studies bring the book's broader arguments to life* Elegantly illustrated with an abundance of colorful features and illustrations that add texture and context to the discussion* Every chapter includes a list of further readings and websites for instructors and students* Priced at less than one third the cost of the

best-selling books in the field, yet supported by strong graphics and supplements programs, this book represents unparalleled flexibility and value for both students and professors.
