Paul L. Knox, Sallie A. Marston : Human Geography: Places and Regions in Global Context (7th Edition)
before purchasing it in order to gage whether or not it would be worth my time, and all praised Human Geography: Places and Regions in Global Context (7th Edition):

1 of 1 people found the following review helpful. great conditionBy Jabir Patelthe book came in a poor condition on the out side but the inside was clean and like it was unused. the price that my book store had this book at was way too much for a class I will only take once in life so I couldn't make a decision on buying that book so I bought it from here and used it for the entire quarter. I ended up getting a 4.0 gpa in class because the condition of the book was nice and I was able to read things clearly, I mean I did study and got 4.0 not that this book will magically get you a 4.0 gpa. don't expect that and do study. but my point is that the book was great, no pages were missing and all was in place. great

A distinctly modern look at human geography Described as fresh, innovative, and intelligent, Human Geography: Places and Regions in Global Context is acclaimed for its global approach, conceptual rigor, engaging real-world applications, and outstanding visual program. Knox and Marston foster awareness of current issues and developing trends from a geographic perspective, and provide a solid foundation in the fundamentals of human geography. The authors integrate compelling local, regional, and global viewpoints to give meaning to people and places. By providing access to the latest ideas, concepts, and theories, the text deepens students understanding of the interdependence of places and regions in a globalizing world. The Seventh Edition extends Knox/Marstons modern approach, integrating new technology as well as new visual and thematic features relevant to human geography today. Also available with MasteringGeography MasteringGeography is an online homework, tutorial, and assessment program designed to work with Human Geography to engage students and improve results.
