It truly gives a picture of what our society COULD look like should we choose to honor elderhood.0 of 0 people found the following review helpful. Four StarsBy aliceclean and neat!

A doctor's visionary tale about a place where the wisdom of the elders offers timeless moral lessons. The fact that elders contribute significant guidance and knowledge to their relationships is exemplified throughout the book. The importance of community and value of elders being at the core of that community are strong messages of the story.
