From SAGE Publications Pvt. Ltd : Indigenous Vision before purchasing it in order to gage whether or not it would be worth my time, and all praised Indigenous Vision:

An AltaMira Press Book Indigenous Vision examines the respect indigenous cultures hold for the planet and various facets of their environmental practices. "This book is essential reading for ecologists, anthropologists, environmental activists and all concerned with the survival of planet Earth."--Pakistan Devel. Review

"The tone for the volume is an invocative, apocalyptic tone' - "The Times of IndiaThe tone for the volume is an invocative, apocalyptic tone' - The Times of India `The tone for the volume is an invocative, apocalyptic tone - The Times of India
