Richard Joseph Hyman : Information Access: Capabilities and Limitations of Printed and Computerized Sources before purchasing it in order to gauge whether or not it would be worth my time, and all praised Information Access: Capabilities and Limitations of Printed and Computerized Sources:

The central purpose of Richard Hyman's Information Access is to explore the effectiveness of the tools available for constructing and verifying catalogue records. Hyman asserts that a basic understanding of the practical and logical limitations in bibliographic records is essential for effective search and retrieval.
