As a textbook for an undergraduate class, it is extremely boring and dry. Yes, you CAN write an interesting and informative textbook that is captivating - but this one is NOT. Nope, I won't recommend it.0 of 2 people found the following review helpful. wowBy JJNo i don't really like but its a college but,.. nothing wrong w it but its a book.. unless I fail call no wont get again lol

When they are explaining concepts there is 100% clarity.Victoria Leonard, College of the Canyons The case studies, the narrative approach, and the activities in the sections are all great strengthsBernardo Attias, California State University, Northridge
