**David Silverman : Interpreting Qualitative Data** before purchasing it in order to gage whether or not it would be worth my time, and all praised Interpreting Qualitative Data:

0 of 0 people found the following review helpful. The book is fantastic with so many examples and writing that isn't too ...By happycatThe book is fantastic with so many examples and writing that isn't too shirtly however the kindle version is appallingly laid out. Graphics that are supposed to be sidebar icons are full page, text has been cut off of or laid out poorly in several places. I've spent over 1700 dollars on text books for Kindle and by far this is the worst example of one. I'm okay with a 3.99 paperback having some issues but a text book should,be held to a higher standard.I ended ordering a paperback version of this because of the poor kindle version.I've viewed this on a paper white Kindle, Kindle Fire, Mac version of Kindle software and iPad Kindle, the problems persist across all devices.0 of 0 people found the following review helpful. Five StarsBy Tall Texan with CurvesLOTS of scenarios to use as analogies !!!!!0 of 1 people found the following review helpful. Five StarsBy InkiFast shipping and good quality product

In this fifth edition of his field-defining text, David Silverman, a true guru of qualitative research, walks the reader through the basics of gathering and analyzing qualitative data. The book offers beginners unrivalled hands-on guidance to help them get the best out of a research methods course or research project. New to the fifth edition: A streamlined structure to aid navigation and guide readers smoothly through the research process. A new chapter on generalizing from case-study research which addresses the perennial issue of how many cases do you need? New material on doing qualitative research online and the ethics of internet research. Additional sections covering organizational documents and documents of everyday life, including blogs and diaries. Many more recent case study examples drawn from a broad range of disciplines including business, education, social work and geography as well as health studies. A new and improved companion website, full of additional resources for students and lecturers. This is the perfect companion for all those new to qualitative research. Available with Perusallan eBook that makes it easier to prepare for class Perusall is an award-winning eBook platform featuring social annotation tools that allow students and instructors to collaboratively mark up and discuss their SAGE textbook. Backed by research and supported by technological innovations developed at Harvard University, this process of learning through collaborative annotation keeps your students engaged and makes teaching easier and more effective. Vintage Silverman and top-notch as a result, this latest edition of IQD is as welcome as ever. Comprehensive, theoretically-informed, and reader-friendly, IQD is the quintessential student text for qualitative research.--Jay Gubrium This book is the book I've been waiting for! It is a thorough exploration of qualitative research - from theoretical underpinnings and processes of data collection right through to analysis and writing. It is accessible and clear and provides a really exceptional overview for those new to research methods. It also includes lots of links to further reading. I can't praise this book enough.--Fiona Harris A wonderful book on qualitative research methods and the interpretation of qualitative data. A Classic!--Dimitris Boucas This latest edition is a useful and practical guide for the novice researcher. Its extended contents list, glossary, author and subject indexes, exercises, tips, recommended further reading and links to Internet sources all make this book easy to use as a guide and reference.--Eric Fletcher, Newcastle University Vintage Silverman and top-notch as a result, this latest edition of IQD is as welcome as ever. Comprehensive, theoretically-informed, and reader-friendly, IQD is the quintessential student text for qualitative research. (Jay Gubrium) This book is the book I've been waiting for! (Eric Fletcher, Newcastle University) About the Author David Silverman is Visiting Professor in the Business School, University of Technology, Sydney, Emeritus Professor in the Sociology Department, Goldsmiths College and Adjunct Professor in the School of Education, Queensland University of Technology. He has lived in London for most of his life, where he attended Christs College Finchley and did a BSc (Economics) at the London School of Economics in the 1960s. Afterwards, he went to the USA for graduate work, obtaining an MA in the Sociology Department, University of California, Los Angeles. He returned to LSE to write a PhD on organization theory. This was published as *The Theory of Organizations* in 1970. Apart from brief spells teaching at UCLA, his main teaching career was at Goldsmiths College. His three major research projects were on decision making in the Personnel Department of the Greater London Council (*Organizational Work*, written with Jill Jones, 1975), paediatric outpatient clinics (*Communication and Medical Practice*, 1987) and HIV-test counselling (*Discourses of Counselling*, 1997). He pioneered a taught MA in Qualitative Research at Goldsmiths in 1985 and supervised around 30 successful PhD students. Since becoming Emeritus Professor in 1999, he has continued publishing methodology books. David regularly runs qualitative research workshops for five universities in Sydney and Brisbane. He has also run workshops for research students in Finland, Norway, Sweden, Denmark, France, Sri Lanka and Tanzania. Since 2000, he has done voluntary work with people with dementia. resident in an old peoples home Besides all this, Davids other interests include classical music, literary fiction, bridge, county cricket and spending time with his grandchildren.
