Inspiring readBy ABCThis book shines a light on what some individuals with challenges have experienced and how they overcame adversity in stages despite the setbacks. For some it wasn't a happily ever after but it was most definitely a step in the right direction. This book is an engaging and inspiring read.

The book is a collection of stories that reflects the lives of disabled individuals across the globe. Each story is narrated by a courageous individual who refused to be defined and shaped by a label or a medical diagnosis. These individuals chose life and living instead of doom and gloom. They are not international superstars but are stars nevertheless because they valiantly defied limitations imposed on them despite the odds that were stacked against them. The stories are a gift of hope and inspiration to the countless number of individuals with disabilities. You too can overcome! The stories also carry a loving message to parents, caregivers, teachers, health professionals, neighbors, family and friends. Look beyond the disability and recognize the person who is struggling to emerge!
