**Lisa Aronson Fontes PhD : Invisible Chains: Overcoming Coercive Control in Your Intimate Relationship**  
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Invisible Chains:  
Overcoming Coercive Control in Your Intimate Relationship:

2 of 2 people found the following review helpful. Five StarsBy Bob K.Great book very informative. It explains how certain people control you by removing opportunity and isolating you.1 of 1 people found the following review helpful. I like this book because it explains clearly how a person ...By CustomerI like this book because it explains clearly how a person that you emotional invested in will do specific things to you that hurt and at the same time to remain some control over you; even though they have moved on or still in your circle. Also how to overcome this type manipulation that is not considered crime but should. Great book, a must read for the person heart in the right place in God's eyes.1 of 1 people found the following review helpful. she loved it.By mermaidgirlI actually bought this book for a friend, she loved it.

When you are showered with attention, it can feel incredibly romantic and can blind you to hints of problems ahead. But what happens when attentiveness becomes domination? In some relationships, the desire to control leads to jealousy, threats, micromanaging--even physical violence. If you or someone you care about are trapped in a web of coercive control, this book provides answers, hope, and a way out. Lisa Aronson Fontes draws on both professional expertise and personal experience to help you: \*Recognize controlling behaviors of all kinds. \*Understand why this destructive pattern occurs. \*Determine whether you are in danger and if your partner can change. \*Protect yourself and your kids. \*Find the support and resources you need. \*Take action to improve or end your relationship. \*Regain your freedom and independence.

"I wish I'd had this book in my youth, when I was the victim of coercion that whittled away at my self-esteem. This book should be in every women's center, police station, and therapist's office. It cuts through the jargon, gets to the heart of the matter, and provides tools of liberation."--Magdalena Gmez, author of *Shameless Woman* "The first comprehensive guide to overcoming coercive control. Dr. Fontes provides simple tools to assess your own or a loved one's relationship and offers practical steps to getting free, illustrated with real-life stories. The writing is sharp and evocative and the research is impeccable. A path-breaking work."--Evan Stark, PhD, MSW, Professor Emeritus, Rutgers University School of Public Affairs "Dr. Fontes makes the dynamics of coercive control understandable to everyone. In plain language and with clear examples, she describes the tactics of domineering individuals and their effects on victims. Dr. Fontes is particularly thoughtful about including diverse couples and families. After reading this book, no one will be able to ask, 'Why does she stay?'"--Juan Carlos Aren, Director, National Latin@ Network for Healthy Families and Communities "This book reveals hidden dimensions behind relationships where one partner is controlled by the other. Dr. Fontes explains the dynamics of coercive control and deciphers the pattern so we can all understand it. Read this book and reclaim your life."--Rabbi Efraim Eisen, marriage, family, and child therapist, Amherst, Massachusetts "This book is gripping and nuanced. It will be extremely helpful to anyone grappling with issues of coercive control. As a therapist with decades of experience, and a person who has been in coercive relationships, I learned a great deal. The stories of women and men from wide-ranging backgrounds pulled me in deeply. Complex, profound ideas are expressed in easy-to-read language. A 'must-have' resource!"--Janine Roberts, EdD, past president, American Family Therapy Academy "Fontes's writing is clear and vividly illustrated with real-life stories from her decades of work helping abuse victims become survivors. *Invisible Chains* is a hopeful book that shows a way out of coercive control relationships and illustrates the promise of healing and recovery."--Jeffrey L. Edleson, PhD, Dean and Professor, School of Social Welfare, University of California, Berkeley "This powerful and informative resource delivers essential information in a nonjudgmental and sensitive manner. People who work in the legal and criminal justice systems need this book to help keep victims and their children safe. The book is easy to read, but in no way simplistic. I will be placing a copy of this book in our office library as a resource for our attorneys and advocates."--Ismael R. Ozanne, Dane County District Attorney, Madison, Wisconsin
