The stories of the strugglesthese women faced was told and written so well by Lara that you just wanted to know what happened next and how the story ended.A must read and life lesson for all.0 of 0 people found the following review helpful. Great book!By EricaGreat book highlighting the tough lives of several

women told from a first-person perspective in a matter-of-fact memoir style. The book reminds you that everyone has a story and it is probably not as rosy as it looks from the outside.0 of 0 people found the following review helpful. An Important ReadBy Kindle CustomerInvisible Neighbors follows the story of two women struggling to overcome incredible obstacles. After reading this book you'll be reminded that while many people in society are marginalized, every person has worth, a unique story to tell, and hope for a better future.

Book Description Publication Date: November 16, 2014Invisible Neighbors is told by women raised in particularly difficult circumstances in impoverished settings. It chronicles how their environments have shaped and influenced their adult lives. Their true stories are shocking tales of resilience in the face of obstacles, both enormous and plentiful. It's the story of an America largely unknown, but surprisingly prevalent.
