at the start of this book but I really feel like it was something I needed to read. I smiled and I cried. After coming from a broken engagement and going through the healing phase I knew it was time I let God take control of my love life and to prepare myself in the meantime to become a good wife to whoever he has planned for me. So if you're single, newly single, in a relationship or even married it's a great book to read!! I highly suggest it, it will bring new hope or rekindle that fire of hope in waiting for God to bring you the man or woman into your life. I honestly wish I didn't have an ending and just kept going but I will for sure be reading it again and again. 10 of 10 people found the following review helpful. Incredibly resourceful for women who wonder if they are wasting their time By BookBiz Susan Rohrer is becoming the go-to person for topics of interest to Christian women (and men) with this new title. I don't believe I've ever read a book that describes how God gives us discernment regarding potential mates and this one is Biblically solid. The tips are excellent for women of any age and more than helpful. I recommend it highly. 1 of 1 people found the following review helpful. Great read! By VOLS_RN1030 This was a great read, and Ms. Rohrer does a great job at backing up her writing with scripture. I read this on the heels of a recent breakup and what I learned was something I knew deep down. He wasn't the one. The book is written in a manner that touches the reader, and makes you feel as though you're talking to a trusted friend. Enjoyed it immensely and will read it again.
