**Mark Novak : Issues in Aging (2nd Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Issues in Aging (2nd Edition):

1 of 1 people found the following review helpful. For schoolBy DebbieI'm working on my Master's degree in Health Care Administration with a concentration in geriatrics and this was a required textbook. But, It was really informative and had a good flow. It was easy to follow. Highly recommend.0 of 0 people found the following review helpful. Four StarsBy KittyGood price. Sad book for my class.0 of 0 people found the following review helpful. Each article is full of great information.By Greg BordenI work with seniors and I am one, so I thought this book would give me more insight into dealing with others. I've only read 1/3 of the book, but love the way it is outlined and presented. Good job

Successful aging: How can we create a better old age both for ourselves and others? Issues in Aging, 2nd edition takes an optimistic view of aging and human potential in later life; it presents the most up-to-date facts on aging today, the issues raised by these facts, and the societal and individual responses that will create a successful old age for us all. This text presents the full picture of aging- exhibiting both the problems and the opportunities and advantages that

accompany older age. It aims to illustrate how generations are dependant on one another and how social conditions affect both the individual and social institutions.

From the Back Cover Issues in Aging, 2/E Mark Novak, San Jose State University ISBN-10: 0205578691 ISBN-13: 9780205578696 Successful aging: How can we create a better old age both for ourselves and others? Issues in Aging, Second Edition takes an optimistic view of aging and human potential in later life; it presents the most up-to-date facts on aging today, the issues raised by these facts, and the societal and individual responses that will create a successful old age for us all. This text presents the full picture of aging exhibiting the problems as well as the opportunities and advantages that accompany older age. It aims to illustrate how generations are dependant on one another and how social conditions affect both the individual and social institutions.
