Arturo Barone : Italians First!: An A to Z of Everything Achieved First by Italians before purchasing it in order to gage whether or not it would be worth my time, and all praised Italians First!: An A to Z of Everything Achieved First by Italians:

0 of 0 people found the following review helpful. Five StarsBy peter scaramuzzoThis is a marvelous book and gives credit deserved to the Italian people and everyone else0 of 0 people found the following review helpful. Stuff I never knewBy Fiona VenturalI thoroughly enjoyed this book. Being a Brit of Italian extraction I felt there was a lot about my

blood-country which I didn't know - and I was right !The book has left me with an overwhelming feeling of pride knowing that I share maybe just a little something with the great Italian minds from history.5 of 6 people found the following review helpful. OK but missing some major items.By Steve BoccioI bought this book thinking it was really an A to Z of the most important Italians, but it is missing some major aspects of Italian history in many subjects of science and art. An OK book for the money.

A tribute to Italian endeavor in all areas of human activity. Contains over 800 "firsts".
