Editors of Intuit : Its Deductible: Tax Year 2004 Workbook before purchasing it in order to gage whether or not it would be worth my time, and all praised Its Deductible: Tax Year 2004 Workbook:

12 of 12 people found the following review helpful. Great book.By Mary A. ThorntonI have been using this book for the past 5 years. I purchase the new edition every year. If you itemize deductions and donate clothing/toys/books to charitable causes, this will help. One suggestion; order it from . I usually order it from the company and it takes them forever. got it to me in less than a week-I did use priority mail.0 of 0 people found the following review helpful. last yearsBy W. M. VANLEEUWENI bought this without realizing that it was last years. But for what its worth it was

useful anyway...0 of 0 people found the following review helpful. It was a great book if you could ever get it!By Garden GalMy tax preparer let me use her copy last year and it was a great help - I got over \$1500 in donations from household and clothing items as a deduction.I tried to order this year's version and it has been on back order for like....FOREVER! I keep getting e-mails from asking if I still want it since there will be a delay and finally I just canceled the order and used some of the information from last year (I wish I would have copied the book from last year).My advice to - if you aren't going to be able to get it - don't offer it for sale!!!

Anyone who gives clothing or household objects to charities and itemizes their tax return can benefit from ItsDeductible - the only book available that determines the fair-market value of commonly donated items. It is updated annually, with 75 percent of the valuations changed for this year's edition. Although millions of people deduct such donations on their returns, most underestimate the value of their items. With categories for clothing, jewelry, baby supplies, toys, small appliances, tools, sporting goods, and more, this "comprehensive and detailed" workbook (The Wall Street Journal) will increase the user's tax savings by an average of \$500. In addition to assessing noncash donations, readers can also easily track monetary and property donations, out-of-pocket expenses, and mileage expenses incurred while driving on behalf of a charity.
