Alberta P. Hopkins : Ka Lei Haaheo: Beginning Hawaiian (Teacher's Guide and Answer Key) before purchasing it in order to gage whether or not it would be worth my time, and all praised Ka Lei Haaheo: Beginning Hawaiian (Teacher's Guide and Answer Key):

1 of 1 people found the following review helpful. Excellent!By StephOutstanding workbook! I recommend purchasing

the teachers version as a compliment to this book. Together, they really help to teach the language and more importantly, how to put together sentence structure. I would caution anyone who is not a "self-taught" student, this may not be a good place to begin your studies... But, if you are focused or have basic knowledge of the Hawaiian language, it is phenomenal! Mahalo nui!
0 of 0 people found the following review helpful. Not a guide for teacher's and no answer key included. By questionProduct described as "Teacher's Guide and Answer key" is a poor product due to it not giving any guidance for a teacher or any answer's to the exercises at all. In fact, within the book itself it references an entirely different book that must be purchased that contains the actual answers. Poor product. 0 of 0 people found the following review helpful. Five Stars
By J. B. Phillips
Companion to the text (reviewed separately)- needed for individual study.

Ka Lei Haaheo: Beginning Hawaiian is a culturally oriented Hawaiian language textbook. Its grammar lessons include the relationship between the language and the Hawaiian world view. The book's dialogs are drawn from contemporary Hawaiian family life. Extensive classroom testing was used in developing *Ka Lei Haaheo*. Although it was designed for college use, it is also a handy resource for high schools and individuals, particularly because its companion volume, *Ka Lei Haaheo: Teacher Guide and Answer Key* provides English translations and answers to the exercises. The text's lively appeal is further enhanced with line drawings.
