**Joe Wild : The Outdoor Prepper: Using Your Landscape for Survival** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Outdoor Prepper: Using Your Landscape for Survival:

0 of 0 people found the following review helpful. good overview to start.By BOB VOSSThe book touched on major areas and will get you to start thinking and can be used as a guide.0 of 0 people found the following review helpful. OK, but it's not the Encyclopedia BritannicaBy cheyenneBNo real information, but it's an entertaining read. If you want to pass some time with trivial advice, read it here.

Are You Prepared? To Survive in the Great Outdoors? You know you need to be prepared. But maybe you dont know where to start? Maybe you consider yourself an expert prepper already. Maybe youre just a beginner. But are you ready to live outdoors? To survive away from your home? No matter how long youve been prepping, we all make mistakes. Its natural. Its human. And mistakes happen more often when you are living outside your comfort zone. But there are ways you can learn from others and avoid the same mistakes that we all make. With this book, youll learn how to be prepared to live outdoors, off of the land, and to survive for as long as you need to! If you are interested in learning how to protect your family from any and all of the inevitable disasters that could potentially happen, this book is your first step to learning how to prepare for any emergency situation and how to survive in the great outdoors. Dont wait - Get started today!
