**Nicholas Abercrombie, Stephen Hill, Bryan S. Turner : The Penguin Dictionary of Sociology (Penguin Dictionary)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Penguin Dictionary of Sociology (Penguin Dictionary):

0 of 0 people found the following review helpful. Five StarsBy Leslie Hulkowergreat, very helpful0 of 0 people found the following review helpful. Penguin DictionaryBy CustomerA good quality book cover is intact in good condition

very helpful for studies0 of 0 people found the following review helpful. Dictionary of sociologyBy Ellis 77I have found Penguin dictionaries to be useful. But they can be a little frustrating because they leave out information I would consider important. The biggest overlook in the Dictionary of Sociology is the absents of W.E.B. Du Bois.The dictionary overall is good and I think it comes in handy for tutoring introductory courses. The information is presented in an easy to understand language. And has been a good tool for assisting the classroom.

Written by three eminent professors, it has been updated to reflect the shifts of sociological thought in the last five years, making it the most comprehensive, authoritative and up-to-date dictionary available. It is essential reading for all students and teachers of sociology and other related courses - and also the general reader.

About the AuthorNicholas Abercrombie is Emeritus Fellow of Sociology at Lancaster University. Stephen Hill is the Principal of Royal Holloway, University of London. Bryan S. Turner is professor of Sociology at the University of Cambridge. These three authors have collaborated extensively, particularly in writing *The Dominant Ideology Thesis* (1980), *Sovereign Individulas of Captialism* (1986) and *Dominant Ideologies* (1990).
