**Phillis Wheatley : The Poems of Phillis Wheatley** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Poems of Phillis Wheatley:

1 of 2 people found the following review helpful. An historic contribution to the Literature of America's Colonial

EraBy jim DunneArt and the Human SpiritThe artistry of Phillis Wheatley's book of poems-- by a slave, a black women--- and its publication was a stunning achievement. What she wrote and who she was make her poems an important chapter in the history of literature in the colonial era-- and a triumph of the human spirit. JIm Dunne

For nearly thirty-five years Julian Mason's *The Poems of Phillis Wheatley* (1966) has been the standard edition of the poems and letters of this young black poet of eighteenth-century Boston. This new edition has been extensively revised in light of Wheatley scholarship since its publication. It has been expanded to include all of the fifty-six poems and twenty-two letters now known to be by Wheatley, the significant variants of the poems, and the four Proposals for publication of her works, all of them annotated. This edition contains the recently discovered poem "Ocean," new information about Wheatley's library (including a southern connection), a more accurate reading of a letter central to understanding the response to her 1772 Proposals, new variants of two poems, and a new reading of her George Washington poem. By going back to the original manuscripts (and to first printings when the manuscripts are not extant), Mason has provided the fullest and most accurate edition of Wheatley's poems and letters yet produced. The new index and bibliography assure the volume's usefulness for the scholar, the student, and the general reader.

A Rebus, By I.b.
