**Susan Eva Eckstein : The Poverty of Revolution: The State and the Urban Poor in Mexico (Princeton Legacy Library)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Poverty of Revolution: The State and the Urban Poor in Mexico (Princeton Legacy Library):

Eckstein's study of post-earthquake reconstruction events represents a fine weaving of a complex case study into her larger discussion of politics and urban growth in Mexico. The case study is made much more interesting because of the way in which she links it to larger political trends, and the political analysis is made very real by her showing us how it works itself out through this remarkably interesting story. There is no doubt that the epilogue could stand on its own as an excellent monograph. - Judith Tandler, Massachusetts Institute of Technology

"Any doubts left about how the PRI and the government co-opt and disarm popular discontent will be dispelled by this material. . . . a work of mature scholarship and a valuable contribution to the growing literature on Third World urbanization and development."--Alejandro Portes, *Contemporary Sociology* From the Back Cover About the epilogue: "Eckstein's study of post-earthquake reconstruction events represents a fine weaving of a complex case study into her larger discussion of politics and urban growth in Mexico. The case study is made much more interesting because of the way in which she links it to larger political trends, and the political analysis is made very real by her showing us how it works itself out through this remarkably interesting story. There is no doubt that the epilogue could stand on its own as an excellent monograph."--Judith Tandler, Massachusetts Institute of Technology About the Author Susan Eva Eckstein is Professor of Sociology at Boston University and former president of the Latin American Studies Association. She is the author of "Back from the Future: Cuba under Castro "(1994). Timothy P. Wickham-Crowley is Associate Professor of Sociology at Georgetown University and former program chair of the Latin American Studies Association. He is the author of "Guerrillas and Revolution in Latin America: A Comparative Study of Insurgents and Regimes since 1956 "(1992). Together they edited "Struggles for Social Rights in Latin America "(2002).
