What to Do In Different Kind of Emergency SituationsBy StephanieWhile you may be leading a peaceful life right now but just imagine what wouldhappen if you were to face an emergency situation like a flood, an epidemic breakout,a nuclear power plant disaster, a famine, riots and any other natural emergency.What would you and how would you react ? How would you ensure that you saveyourself and your family from this disaster ? Are you prepared for such emergencies.It is always a good thing to be mentally prepared and have a ready action plan forsuch emergencies like how to manage your food supply, first aids, drinks and otheressential items. The book offers some good advice on what can be done in differentkinds of emergencies.2 of 2 people found the following review helpful. Short but conciseBy ScottSimple common sense stuff but as in any of these books there is always something you can learn or didn't think about. Worth the .99 cents but not much more1 of 1 people found the following review helpful. Decent readBy KronycOptomistNot the greatest thing I've ever read, but for \$.99, I'll take it. Some of the information is, or should be common knowledge for any but the newest to disaster preparedness....let alone to a prepper.
