**Scott B. Williams, Scott Finazzo : The Prepper's Workbook: Checklists, Worksheets, and Home Projects to Protect Your Family from Any Disaster** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Prepper's Workbook: Checklists, Worksheets, and Home Projects to Protect Your Family from Any Disaster:

2 of 2 people found the following review helpful. Guide for a New Paradigm By Brian B. Accept it or not we are in a Paradigm shift. Whether it's the Environment, our Resource base, our physical health, the Economy, the population size, our mental health or our Energy base welcome to a new world of extreme and erratic. In this world books like Preppers Workbook are required reading. These books can help you create a level of preparation you can feel comfortable with when extreme Entropy enters your world. Is there a solution to our problems? A reappraisal of our

views on Endless Growth, Free Markets, Free Will, Greed being good and Man having dominion over Heaven and Earth. Are we willing to try and find a solution to our problems? I plan to keep buying and reading books like Preppers Workbook, preparing for what looks like an extremely erratic future.2 of 2 people found the following review helpful. Good planning resourceBy Neal C.Just finished reading The Prepper's Workbook and liked what the authors were trying to accomplish. The book presents a wide and balanced variety of emergency scenarios without wandering out on the fringe. Anyone who focuses on their most likely regional or personal scenario planning will be well served and safe. The real benefit of the workbook comes in understanding what you can prepare for, how you should best invest in emergency preparedness and what represents a reasonable depth of preparedness.My favorite parts included brief blurbs presented as insights from experience and research. The we can all benefit from a clear plan and the workbook helps you cover details you anticipate and many I hadn't considered. The one area I considered lacking was a means whereby I could use the lists to customize for my families needs. Maybe I missed this resource somewhere in the book but if not maybe someone should add these as downloadable pdfs.1 of 1 people found the following review helpful. I love the checklists and assistance this book gives to folks ...By H. KoenigI love the checklists and assistance this book gives to folks who are "prepping" for various types of challenges - whether tornado, hurricane, job layoff, electrical outage (as in more than a day or two!) and otherwise survival under conditions that are difficult at best! A few years ago folks here in this part of MA experienced multiple tornadoes, extreme cold and power outages for 2 and 3 weeks at a time. I only wish I had had this book long enough in advance to prep at that time! It got derved chilly!

**A STEP-BY-STEP, DON'T-OVERLOOK-ANYTHING WORKBOOK OF DIY PROJECTS THAT PREPARE HOME AND FAMILY FOR ANY LIFE-THREATENING CATASTROPHE**From earthquakes, tornadoes, and hurricanes to floods, wildfires, and even civil strife, disasters threaten your home and safety no matter where you live. Fortunately, The Preppers Workbook offers step-by-step instructions that will guarantee your family is fully prepared for whatever the world has in store, including: Checklists to stock up on life-saving survival supplies Projects to fortify your home from the elements Maps to pre-plan your bug-out and evacuation routes Blueprints to prepare your homes defenses in case of societal collapse Forms to keep personal information on each family member organized Tips and tricks to maximize readiness while keeping costs down
