Robert Nisbet : The Quest for Community: A Study in the Ethics of Order and Freedom (Background: Essential Texts for the Conservative Mind) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Quest for Community: A Study in the Ethics of Order and Freedom (Background: Essential Texts for the Conservative Mind):

1 of 1 people found the following review helpful. Outstanding. A must read work for anyone who cares ...By Rose McConnell Outstanding. A must read work for anyone who cares about creating community. Nisbet was quite

prescient in recognizing the threat of the central government posed to local associations and the ability of humans to form meaningful connections. 4 of 5 people found the following review helpful. Absolute Essential Social Science Reading in These Times By Kal-EI Nisbet's conservative masterwork often times reads like it could have come from the Populist or Anarchist Left (and indeed he quotes many of these folks). Prescient not just for its depth of Western Political Theory as well as its primary indictments of the State historically and today but also its trenchant rejection of 'free market' capitalism the Right embraces today. If there is to be a true conservative realignment based on voluntary pluralism, it will only come with an understanding of this prophet's work. 0 of 0 people found the following review helpful. Restore community. By dr donner What a good book. Incredibly insightful and prophetic. This book is more relevant for 2017 dysfunctional society than many other books.

One of the leading thinkers to emerge in the postwar conservative intellectual revival was the sociologist Robert Nisbet. His book *The Quest for Community*, published in 1953, stands as one of the most persuasive accounts of the dilemmas confronting modern society. Nearly a half century before Robert Putnam documented the atomization of society in *Bowling Alone*, Nisbet argued that the rise of the powerful modern state had eroded the sources of community—the family, the neighborhood, the church, the guild. Alienation and loneliness inevitably resulted. But as the traditional ties that bind fell away, the human impulse toward community led people to turn even more to the government itself, allowing statism—even totalitarianism—to flourish. ISI Books is proud to present this new edition of Nisbet's magnum opus, featuring a brilliant introduction by New York Times columnist Ross Douthat and three critical essays. Published at a time when our communal life has only grown weaker and when many Americans display cultish enthusiasm for a charismatic president, this new edition of *The Quest for Community* shows that Nisbet's insights are as relevant today as ever.

About the Author Robert Nisbet (1913-1996) was a professor at Columbia University and the author of *The Sociological Tradition*, *The Social Bond*, *The Present Age*, and other books.
