Voice is such a powerful tool and Patsy, who is an amazing teacher (I worked with her in person too) puts it perfectly in words here. I love the practicality of the book, and also having the intellectual explanations. 1 of 1 people found the following review helpful. Five Stars By

In *The Right to Speak*, renowned voice teacher Patsy Rodenburg teaches you how to meet any speaking challenge with total self-assurance. Rodenburg has trained thousands of actors, singers, media personalities, lawyers, politicians, business people, teachers and students in the art of using their voice fully and expressively without fear. She has taught them how to breathe, how to support their breath, how to stretch their voice to meet any vocal effort and how to have total confidence in whatever they say--"the right to speak."
