faithful Santa fans. I bought at least 20 maps. A few were given to elementary school teachers for holiday fun. This map is more of an international history book. It is fun for kids and adults. I highly recommend this product.0 of 0 people found the following review helpful. Five StarsBy Alix RolloLove this item?

A cultural geography of the world's most beloved man. Your family will love tracing Santa's travels across time and continents with this giant fold-out. The Santa Map surveys the abiding magic of the eternal winter visitor, unraveling the mystery-and the history-of old St. Nick. Designed to warm hearts and open minds.
