The pictures are amazing, and the fact that two 10 year olds wrote it amazes me even more! As a parent of a five year old son, I know that most alphabet books do not interest children. This one really captivated him! He wants to read it every night! Thank you so much for this book!0 of 0 people found the following review helpful. The Scariest Alphabet BookBy amhThis is a highly creative book by two fifth grade friends who used their artistic abilities to make an alphabet book with a Halloween theme (and it really isn't too scary). The profits from the book will benefit America's Fund for Afghan Children. Great for young and old alike. You will be amazed!0 of 0 people found the following review helpful. Awesome!!!!By David A. KingHey man. Let me tell you that this book is freaking great. I was stunned and amazed the first time I read it, and it GETS BETTER EVERY TIME!!! This lady Celia is like the best author ever.

Torn paper illustrations by two ten-year-old artists depict a scary creature or object for each letter of the alphabet.
