From Penguin Books : The Second Penguin Book of Christmas Carols before purchasing it in order to gage whether or not it would be worth my time, and all praised The Second Penguin Book of Christmas Carols:

0 of 0 people found the following review helpful. It has some interesting content, and hard-to-find carols, however...By ExoticatIt's the size of a pocketbook, so it is less playable than I had hoped. I would still recommend it for people looking for less-commonly known carols and songs.6 of 6 people found the following review helpful. An interesting, well researched book of carols.By A CustomerI bought this book way back in the late seventies whilst on holiday in Portsmouth, England with the intention of getting carols from it for singing within the family circle at Christmas time. It is a very scholarly work whereby each carol is scored for at least four voices and sometimes there is also a descant/trumpet line. I never used it for my initial intended purpose but is the source from which I was inspired to do "Away in a manger" with two penny whistles with the Klingende Runde fr jung und alt at a Christmas concert in Meyenburg, Germany.
