**Jean Chapman : The Sugar-Plum Christmas Book** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Sugar-Plum Christmas Book:

The book was in a lot better condition than I had expected so was very impressed. My only complaint is that it took about a month but I was told that at the beginning of the transaction so it wasn't an issue. I just know that friends who have purchased online at other book depositories have received items within a couple of days. Nonetheless, overall I was very happy
