**Eric Hoffer : The Temper of Our Time** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Temper of Our Time:

1 of 1 people found the following review helpful. this is a wonderful short book that gives us pause for thoughtBy J. BarnesDear friends, this is a wonderful short book that gives us pause for thought. So much has changed since Eric Hoffer wrote this book and yest so much remains to be done to improve the human condition and the environment.The

simple yet eloquent style of writing and the down to earth thinking makes for refreshing reading. This was the second title which I recently purchased and enjoyed reading so I plan to read all of his books over the coming months to better understand his view of the world and its people. John Barnes Bangkok Thailand. 0 of 0 people found the following review helpful. The Finest Philosopher Of Our Times By Phil Thoughts of one of the best philosophers of modern times. Clear and still relevant today. Everyone should read all of his books. 0 of 0 people found the following review helpful. Five Stars By John J. Mcgarvey Everything went well

Eric Hoffer--one of America's most important thinkers and the author of The True Believer--lived for years as a Depression Era migratory worker. Self-taught, his appetite for knowledge--history, science, mankind--formed the basis of his insight to human nature. The Temper of Our Time examines the influence of the juvenile mentality, the rise of automation, the black revolution, the regression of the back-to-nature movement, the intellectual vs. learning, and other relevant issues.
