I don't always buy supplementary class materials, but when I do...By Kay Perry...it's The Terrorism Lectures, haha.If you're taking Dr. Forest's course on terrorism, do yourself a favor and buy this book. If you're NOT taking Dr. Forest's course on Terrorism, do yourself a favor and buy this book. If you have an interest in studying terrorism, but aren't sure where to start looking, this is the book for you. As stated in the preface, "This book is meant to simulate the experience of a semester-long university course on terrorism." From al-

Qaeda to the IRA, to homegrown terrorists like Timothy McVeigh, this book provides comprehensive coverage of it all. Each chapter flows seamlessly into the next while keeping the reader's interest. For those taking his class, I can't stress how useful this book is. If you miss a class or two and feel like you might have missed something in a lecture, just crack this book open. His lecture schedule follows the chapters of this book very closely. This is a GREAT study tool for exams as well as planning any essays you might have to write. A fantastic read in or out of class! :) 0 of 0 people found the following review helpful. I highly recommend it. By Customer if you are interested in terrorism, you will enjoy this book. Factual and will remember reading this book long after. I highly recommend it. 0 of 0 people found the following review helpful. Useful Guide By Josh Gleis "The Terrorism Lectures" is an important read for both those interested in either learning more about, or teaching the subject of, terrorism and counter-terrorism. As a practitioner, it serves as a valuable reference that I plan to keep on-hand.

A comprehensive collection for students of terrorism, counter-terrorism, and national security. The Terrorism Lectures is a collection of timely and engaging lessons directly from the classroom of terrorism expert James J.F. Forest. The book and accompanying online materials delve into the history of terrorism, its root causes, and its many forms and organizations, as well as the frameworks that analysts use to determine the scope of a terrorist threat.

"...an enormous service to students and teachers of terrorism alike. John Horgan, Director, International Center for the Study of Terrorism, Penn State University "This guided tour through the intellectual landscape of terrorism studies provides an accessible road map for the new-comer and some open-road for the journeyman to explore." Bill Braniff, Executive Director, National Consortium for the Study of Terrorism and Responses to Terrorism, University of Maryland "Comprehensive, logically structured, up-to-date, and highly accessible, The Terrorism Lectures is a fantastic work of synthesis, massive in both scope and insights." Assaf Moghadam, Interdisciplinary Center (IDC) Herzliya, and author of The Globalization of Martyrdom "Forest has created a comprehensive yet incredibly accessible resource one that serves as an exceptional learning tool while also providing the reader with a conversational experience that stretches across the various dimensions and aspects of terrorism. Jennifer Giroux, Center of Security Studies, ETH Zurich "Dr. James Forest is one of the most prolific contemporary authors on terrorism and counterterrorism topics and his latest offering The Terrorism Lectures is his best. ... [It] provides the reader with a personal tutorial delivered by one of the nation's most articulate and gifted lecturers. Russell D. Howard, Brigadier General (Retired) and Adjunct Professor and Senior Research Fellow at the Monterey Institute of International Studies "This is a great, very accessible overview for students of terrorism studies!" Annette Idler, Doctoral Candidate, University of Oxford
