A Victorian gem - packed with information and beautiful artworkBy AndDavI had been given this delightful volume years ago by a friend, when I was moving from California to Missouri. Four years later, during the move back, the folks helping me didn't pack this item. I loved Alan Malley's paintings and couldn't afford to purchase any. I was a true "Victorian" at heart, back then. This dear friend gave me this book, packed with "Victoriana" trivia and Malley's beautiful artwork.In my opinion this is a must for anyone who feels they were born in the wrong era.0 of 0 people found the following review helpful.
