Woman's Day editors : The Woman's Day Holiday Crafts before purchasing it in order to gage whether or not it would be worth my time, and all praised The Woman's Day Holiday Crafts:

0 of 0 people found the following review helpful. Very happy with the bookBy seat missionVery happy with the book. Many ideas and projects. The book is in good condition. And delivery was on time.

A collection of 150 Christmas, Valentine's Day, Easter, Independence Day, and Halloween craft projects includes step-by-step instructions and full-color illustrations and diagrams for angels, quilts, and many other projects. 75,000 first printing. \$75,000 ad/promo.

From BooklistThere are no frills, no expensive materials, nothing to rival Martha Stewart. But do expect more than 100 simple stylish gifts and gewgaws for five holidays from the editors at Woman's Day. In terms of design, most

feature nondetailed outlines of traditional motifs: bunnies for Easter, cats and bats for Halloween, and stars and stripes for Independence Day, for example. In fact, few of the projects require specialized skills, and all are accompanied by large color photographs, good step-by-step directions, and lots of tips (such as how to blow out an egg) to guarantee that the finished product resembles homemade, not helpless, efforts. Barbara Jacobs
